

**International Scientific Committee for Shot Peening  
Copyright Agreement**

**ISCSP agrees to publish: (complete the form below, save, and attach to email)**

**Manuscript Title:**

**Author(s) name**

**Author(s) organization**

in the conference proceedings of the 11<sup>th</sup> International Conference on Shot Peening (ICSP-11) and its affiliated web site <http://www.shotpeening.org>.

On acceptance for publication the undersigned author(s) ("Author") of the Article assigns exclusively to the International Scientific Committee on Shot Peening, ISCSP, worldwide copyright in the Article for all media and formats in all material published as part of the Article, which expression includes but is not limited to the text, abstract, tables, figures and graphs, but excludes any supplementary material.

If any of the Named Authors are Government employees, on acceptance for publication the Author shall grant ISCSP a royalty free exclusive license for copyright for all media and formats.

In signing this Agreement the Authors represent and warrants that the Article is the original work of the Named Authors, that it has not been published previously in any form (other than in a research thesis or dissertation which fact has been notified to ISCSP in writing), that all Named Authors have participated sufficiently in the conception and writing of the Article, have received the final version of the Article, agree to its submission and take responsibility for it, and submission has been approved as necessary by the authorities at the establishment where the research was carried out.

The principal Author warrants that he/she signs this Agreement as authorized agent for and on behalf of all Named Authors and has the full power to enter into this Agreement and to make the grants it contains, that the Article has not been and will not be submitted to another publisher, that it does not infringe any third party rights, that it contains nothing libelous or unlawful, that all factual statements are to the best of the Author's knowledge true or based on valid research conducted according to accepted norms, and that all required permissions have been obtained in writing.
